Stained Glass

Artist: Dianne Miller

This 12-15 hour (5-week) course is for the beginning stained glass art student or for someone who wishes to improve stained glass skills. You will learn to score, break, groze, grind, copper foil and solder your creation. You will take home a completed stained glass panel (approximately 8" x 10") that you will be proud to display! An emphasis will be placed on glass considerations for different patterns, glass-cutting techniques and the steps to assemble a Tiffany-style glass panel. **The in-depth instruction and handouts will get you started on your own stained glass journey at home if you desire to pursue the copper foil method in the future.**

In a fun and relaxed atmosphere for learning, there will be demos, handouts, skills practice and plenty of time for questions. No experience is necessary. All tools, glass, and supplies will be provided by the instructor. There will be a variety of patterns from which to choose.

Protective eyewear is required. Regular eyeglasses are sufficient. Please do not wear open-toed shoes when working with glass! Class is limited to the first 8 participants who pay.
