Workshops Available

- **\$35 - Yarn Painting with Neva Rowland**

The roots of yarn painting originate in northwestern Mexico with the Huichiol people and the belief that humans are connected to nature and all living things. They accomplished their intricate designs by pressing yarn into natural glue - made from tree resin and beeswax - on a board and left to harden. Modern yarn painting gained popularity in the 70's with New Jersey artist, Robert Gorman. In this class, attendees will sketch their design onto a small canvas board and then glue on their chosen yarn colors to achieve interesting and unique patterns. This art form is a very relaxing way to spend an afternoon!

All materials will be provided. Participants will take their art home when they are finished. Class size limit is 10 people.
